

PLAN

Description:

PLAN is often referred to as the pre-ACT. It assesses sophomores in reading, math, English, and science.

Purpose:

The PLAN is a comprehensive guidance resource that helps students measure their current academic development, explore career/training options, and make plans for the remaining years of high school and post-graduation years.

It may also be used as the NRT reading and math scores that we have to report to NDE. It is recommended, but not mandated, by the State School Board that we use it for this reporting. We may also use NWEA. This decision will be based upon student performance on each.

Timeline:

All sophomores take the PLAN in December. Reports are sent to the guidance counselor and shared with the students second semester.
